

# Nassau County I-CARE

## Recruitment Session

Model to  
Improve Cardiac Arrest Resuscitation Efforts  
Nassau Regional EMS Council

I-CARE's mission is to increase the number of people who survive cardiac arrests. This will be done through efforts in the prehospital setting. I-CARE's plan is to utilize county, town and community organizations by:

1. Empowering each to implement specific key interventions
2. Coordinating these efforts into one seamless system
3. Implementing measures to ensure both short and long term success of the program

Programs similar to I-CARE have been instituted with great success in several locations across the country. With the hard work of dedicated volunteers we hope that I-CARE will help save lives in Nassau County. This program's size and scope will be one of the largest efforts of its kind in US history!

## Join the I-CARE Team

The I-CARE team is recruiting additional members. We are looking for passionate, hard working, intelligent individuals who are willing to volunteer their time for this cause! Candidates are expected to participate 5 hours/week. Some of the teams available to join, include:

- Large Organization Planning & Implementation (educational institutions, government & community organizations, etc.)
- Professional Level Training & Disbursement
- Financial Planning & Grant Writing
- Incentives & Certification
- Information Technology Interfaces
- Program Implementation Counselors
- Defibrillation Networks

Please come to our informational session to learn more about the program and become part of the I-CARE team...

- November 18th, 2013 at 7 pm
- The Morrelly Homeland Security Center  
510 Grumman Road, West Bethpage, NY 11714
- RSVP encouraged but not required
